

## **RULES FOR THE FEI WORLD CUP DRESSAGE SEASON 2007/2008**

### **PREAMBLE**

These rules set forth the detailed rules of the FEI World Cup™ Dressage, which are to read in conjunction with the pertinent Statutes, General Regulations, Rules for Dressage Events and Veterinary Regulations. It is acknowledged that every eventuality cannot be provided for in these Rules and in any unforeseen or exceptional circumstances it is the duty of those responsible to make a decision in a sporting spirit and approaching as nearly as possible the intention of these Rules and of the General Regulations

### **Art. 480 - PRINCIPLES AND GENERAL**

1. The FEI World Cup™ Dressage is a series of competitions at FEI Grand Prix level, comprising a number of qualifying events and a Final. The FEI Dressage Rules apply, except where stated differently in these rules. Moreover these rules must be read in conjunction with the FEI valid Statutes, General Regulations and Veterinary Regulations.
2. The FEI has established five Leagues, i.e. the Western European League, the Central European League, the **North American League**, and the Pacific League (Australia and New Zealand). Further Leagues may be established.
3. Specific Qualification Procedures and Guidelines for the **North American League**, Pacific League must be approved separately by the FEI Dressage Committee. Any changes regarding League Qualification Procedure and guidelines have to be approved by the FEI the year before they are to become effective (deadline for submission to the FEI: end March).
4. Although Central Europe, **North America**, Australia/New Zealand have their own independent Leagues, riders from these Leagues and from countries not belonging to any League may also qualify in the Western European League. The NF concerned will have to inform the FEI World Cup™ Dressage Director, in writing before the start of the season, which riders wish to qualify in Western Europe. In that case they will be treated like the Western European competitors. However, riders from non-Western European Leagues qualifying in Western Europe cannot take away places in the Final

from Western European riders, and will compete in the Final as additional riders.

4.1. Riders permanently domiciled in a country (G.R.123) of another League must be allowed to qualify in that respective league. If qualified for the League Final and/or Final they would compete as additional riders.

However, according to Rule 487.8, in principle a maximum of three rider/horse combinations per NF (excluding the titleholder) will be allowed to participate in the Final.

The FEI has the right to allow an additional wild card from the home country, where the FEI World Cup™ Dressage Final takes place. It will be the responsibility of the relevant NF to determine which three riders to send to the Final in the event of more than three riders qualifying from any one NF as a result of participation in other Leagues.

5. If a rider changes nationality during a FEI World Cup™ Dressage season, he/she must continue to qualify under the system in which he/she has started the season subject to Article 480.4.1 above. The FEI reserves the right to judge each case individually.

6. Riders from non-Western European Leagues may also earn points by participating in Western European FEI World Cup™ Dressage events as extra invited riders but cannot take starting places from WEL riders and transferring them to their own League. These points from a maximum of **3** Western European events may count in their own League.

6.1. Riders from the Western European League taking part in CDI-Ws in the Central European League as extra riders, may also obtain points for their own League. However, except at one event where they may gain 100% of the points, Western European riders will receive 50% of the points as mentioned under Art. 480.6.1 (in case of participation at several Central European events, the event where the best result was achieved will count 100%). Fractions of 0.5 or more are rounded up.

6.2. A rider can no longer earn points in another league, once the last competition of his own league has been held.

7. The number of FEI World Cup™ Dressage Qualifying events in Western Europe and Central Europe will be annually decided by the FEI, The number of FEI World Cup™ Dressage events in the other Leagues will be proposed yearly by the respective NFs for approval by the FEI.

8. Organising Committees must apply for a CDI-W through their respective National Federation to the FEI **according to the established application procedures.**

9. In any League, a rider/horse combination may only start in **five** qualifying events (excluding the last qualifier in the Western European League which is an additionally allowed event). The **four** best results obtained in the qualifying events will count. In order to qualify for the Final

or a League Final a rider horse/combination must have started at least **two** times in the Freestyle to Music at a CDI-W (CDI3/4/5\*/ CDIOs outside established Leagues.)

10. At any event, the FEI Grand Prix Test serves as the qualifying test to the FEI Freestyle to Music, which is the competition in which FEI World Cup™ Dressage points can be earned.

11. For the FEI Freestyle to Music test, article 430 of the Dressage Rules applies.

11.1 For FEI World Cup™ Dressage events and the World Cup Dressage Final Art 422.7 of the Dressage Rules applies.

#### **Art. 481 - THE FEI WORLD CUP™ COMMITTEE DRESSAGE**

1. FEI World Cup Dressage matters are decided by **the FEI Headquarters upon recommendation of the FEI Dressage Committee, unless a separate FEI World Cup™ Committee Dressage is appointed.**

#### **Art. 482 - PARTICIPATION**

1. In Western Europe the number of competitors/horses to take part in the Freestyle to Music is limited to and compulsory for the 15 best combinations in the qualifying FEI World Cup™ Dressage Grand Prix at the event, plus those who tie for the 15th place. Outside Western Europe this number may be less than 15.

2. Failure to start in the Freestyle to Music for reasons other than illness of rider or horse (in which case the move-up system applies) would mean that the rider loses his/her FEI Grand Prix classification and FEI World Dressage Ranking List points for the FEI Grand Prix.

3. Reference is made to GR Art. 121.13 "Definite Entries", whereby any NF or competitor, after accepting an invitation in writing and failing to compete without good reason, must be reported by the Organising Committee and the Foreign Judge to the Secretary General of the FEI for the attention of the **FEI Legal Department/FEI Tribunal.**

4. A Western European rider is allowed to participate with more than one horse in the FEI World Cup™ Dressage events of the season, but only with one horse in each event. Outside Western Europe a rider, including riders from Western Europe, may start with a maximum of two horses in the qualifying FEI Grand Prix of an event. He/she may, however, only opt to qualify with one horse for the FEI Grand Prix level Freestyle Test. A declaration as to the choice of his horse must be made prior to entering the FEI Grand Prix. The same Rule applies for League Finals.

There shall be no rest day between the FEI Grand Prix Competition and the FEI World Cup™ Freestyle to Music Competition but these shall be held on two consecutive days.

A rider may only participate with one horse in the Final. He/she may select the horse of his/her choice, with the restriction that the horse must have started and qualified for at least two FEI World Cup Freestyle to Music competitions in the current season and have obtained the minimum qualification criteria of 68% in the two Freestyles. Refer to Art 487.6.

All riders must participate at a minimum of **two** qualifying events, one of which must be in a foreign country, in order to qualify for the Final.

5. A draw for the order of starting is compulsory for all qualifying FEI Grand Prix's and for the FEI Grand Prix of the Final and for all qualifying Freestyles and for the Freestyle to Music at the Final.

- For the FEI Grand Prix the draw (in groups of 5) shall be in the reverse order of the FEI World Dressage Ranking List. Riders who are not listed on the WDRL shall be drawn first.
- For qualifiers, the Freestyle to Music draw shall be in reverse order of the placing of the FEI Grand Prix Competition (in groups of 5). The starting order applied for a particular event must be stated in the schedule.

6. The FEI World Cup™ Dressage Freestyle to Music Competition must always be the highlight of an event, also as far as prize-money and prizes in kind are concerned, and must always be held on a main day at mid-day or in the afternoon or evening (Saturday). Exceptions to the rules must be approved by the FEI Headquarters.

7. The Freestyle to Music may be interrupted by a short break or a small display, but never by another competition. All breaks longer than 30 minutes have to be approved by the FEI Headquarters.
