Annex V KNOCK OUT COMPETITION (Art. 272)

Order of starting in the qualifying rounds (in accordance with the qualification course)

Annex VI ROTATING THE STARTING ORDER IN INDIVIDUAL COMPETITIONS

1. At Events where the competitors are allowed to ride two or three horses in individual competitions, the following procedure is acceptable to achieve rotation of the starting order in the individual competitions included in the programme:

1.1. if the schedule provides that the same horse is allowed to take part in more than one individual competition per day and throughout the Event, the number of horses must be divided by the number of individual competitions;

1.2. if the schedule provides that the same horse is allowed to take part in only one competition per day and throughout the Event, the number of horses must be divided by the number of days on which individual competitions take place.

2. At Events where the schedule provides that competitors are allowed to ride only one horse in each individual competition, the competitors are drawn and their horses carry successive numbers:

First competitor: 1, 2, 3 (number of his horses)

Second competitor 4, 5

The rotation follows the same procedure as in paragraph 1., but in this case the number of competitors must be divided by the number of individual competitions or by the number of days on which individual competitions take place.

Annex VII VETERINARY EXAMINATIONS, HORSE INSPECTIONS AND PASSPORT CONTROLS (Interpretation to article 1011 of the Veterinary Regulations) WITH ALTERATIONS AS MENTIONED HEREIN.

1. Examination on arrival

On arrival, or as soon as practicable following arrival, each horse must be examined by the Veterinary Delegate, or Deputy, to establish the general state of health, identity and vaccination status of the horse. This examination is specifically aimed at detection of contagious conditions and should preferably be carried out before the horse enters the event stables.

The Examination should be conducted as follows, bearing in mind that the horses should proceed to their stables as quickly as possible and with the minimum inconvenience to all concerned:

1.1. Briefly check the identity of the horse by comparison with the identification page in its passport.

1.2. Check that the vaccination requirements, currently in force, are in order and that all other details in the passport are correctly completed. The paper work involved in the passport control relating to vaccinations can also be dealt with at a later stage.

1.3. Check the age of the horse, if the event or any competition is limited to horses of a specific age.

1.4. Carry out a clinical examination to ensure that the horse is not suffering from any infectious or contagious disease. It should be stressed that an examination for soundness is not part of the procedure.

Any significant passport irregularities in the above should be drawn to the attention of the President of the Appeal Committee and the President of the Ground Jury, before the first horse inspection. The President of the Appeal Committee must deal with such irregularities before the horse is allowed to compete.

2. Horse Inspection

This must be carried out not later than the afternoon of the day preceding the first competition. Chefs d'Equipe and/or Persons Responsible should arrange a specific time for their horses to be inspected within the time specified in the programme. This should be available and ready at the Secretary's Office at least two days before the first competition, to avoid unnecessary delay for all concerned.

At FEI World Cup™ Finals, World and Senior Continental Championships and Olympic Games, a second Horse Inspection will be scheduled prior to the start of the final competition.

The Horse Inspection must be carried out by the Inspection Panel (Veterinary Commission / Delegate and Ground Jury). In a doubtful case, the Panel may direct that the horse be referred to an officially supervised holding box for a further examination by the Examining Veterinarian. The horse returns for a re-inspection by the Panel immediately after the last horse has been inspected, or at a suitable break. The Examining Veterinarian reports findings to the Panel. In the event of a disagreement, the President of the Ground Jury will make the decision, which will be announced immediately.

Re-inspection of horses referred to the Holding Box is permitted the day after the horse inspection.

Prior to this the Ground Jury, Veterinary Commission/Delegate and the Examining Veterinarian must confer about the horses listed for re-inspection. The procedure for re-inspection will consist of a brief clinical examination before walking and trotting the horse in front of the Inspection Panel. If a horse is accepted at the re-inspection it may be required to undergo immediate medication control testing.

If a horse is clearly unfit to compete and no member of the Ground Jury is able to be present at the inspection, the Veterinary Delegate may recommend that the President of the Ground Jury eliminates the horse without further re-inspection provided the horse has been examined in the Holding Box.

The protocol for the Horse Inspection is conducted as follows:

2.1. Each horse must be presented in either a snaffle or double bridle. Any other harness or equipment, i.e. rugs, bandages, etc. must be removed. No exception to this can be allowed.

2.2. No horse may be presented with its identity concealed in any manner by the application of paint or dye.

2.3. The inspection must take place on a firm, level and clean non-slip surface.

2.4. The horse is initially observed, by the veterinary member of the Panel, for any obvious sign of injury or disease. Eventual remarks should be recorded.

2.5. The horse is then walked and trotted for any obvious signs of lameness or unfitness.

2.6. Chefs d'Equipe must be present with their team horses in addition to their grooms and/or their competitors.

2.7. Persons Responsible (competitors) must be present with individual horses, in addition to their grooms.

2.8. Competitors must present their own horse(s) at the Horse Inspection. The President of the Ground Jury may relax this rule for a competitor if requested to do so by the Chef d'Equipe or the rider.

It is emphasised that this is not a detailed veterinary examination (see also Vet. Regs Art. 1011) and it should be completed as quickly as possible.

3. Ground Jury, Appeal Committee and Veterinary Commission-Liaison

3.1. Ground Jury

3.1.1. Responsibilities of Veterinary Commission (Art. 1009)

The Veterinary Commission shall report to the Ground Jury (if appropriate before the first Final Horse Inspection) or Appeal Committee on all matters other than those of a purely technical veterinary nature.

3.1.2. Veterinary Examinations, Horse Inspections and Passport Controls (Art. 142 + Art. 1011)

The Veterinary Commission shall report to the Ground Jury any horses considered to be unfit at either the Examination on arrival or at the inspection. If continuing participation is to be considered, such horses must be re-inspected by the Ground Jury together with the Veterinary Commission before they are allowed to compete. The President of the Ground Jury must also be informed of any horses, which have been refused permission to compete by the Appeal Committee.

3.1.3. Selection of Horses to be Sampled for Medication Control (Art 1016)

The President of the Ground Jury together with the Veterinary Commission/Delegate and the MCP Testing Veterinarian, if present, are responsible for the random selection of horses to be sampled during the event.

In addition to horses selected at random, the President of the Ground Jury together with the Veterinary Commission/Delegate and MCP Testing Veterinarian, may decide to select specific horses for sampling. The selection of specific horses may be made at any time during the event.

At FEI World Cup™ Finals, World and Senior Continental Championships and Olympic Games, sufficient horses must normally be sampled to ensure that the following samples are available for analysis:

- in all Final Competitions for Individuals, the first three placed horses;

- in Final Jumping Competitions for Teams, one horse from among all the horses in each of the first three placed teams;

3.1.4. Abuse (Art 143)

Any case of alleged abuse of horses must be immediately reported to the Ground Jury.

3.2. **Appeal Committee**

3.2.1. Responsibilities of Veterinary Commission (Art 1009)

The Veterinary Commission shall report to the Appeal Committee (if present) on all matters other than of a purely technical veterinary nature.

3.2.2. Veterinary Examinations, Horse Inspections and Passport Controls (Art. 139 + Art. 1011)

The Veterinary Commission shall report to the President of the Appeal Committee details of any significant passport irregularities as soon as practical, following the Examination on arrival. These matters should be dealt with, in accordance with guidelines issued by the FEI, before the horse is allowed to compete.

If the Ground Jury does not act on a recommendation of the Veterinary Commission not to allow a horse to compete the circumstances must be reported to the Appeal Committee.

3.2.3. Procedure for Sampling (Art. 1019)

A refusal, or wilful obstruction by any person to submit a horse for sampling must be reported immediately to the Appeal Committee.

In principle, Championships can only be held if at least four nations are represented, except outside Europe where they may be held with any number of regional teams from at least two countries (including the host nation). A nation, which withdraws after the closing date for the entries and before the start of the Championship, is, however, considered as represented.

8. The Championships must be restricted to all nations included in the Continent or Region concerned. However, entries from NFs outside the Continent or Region in which the Championship is held can be accepted or rejected by the Jumping Committee in agreement with the Championship rules of Jumping Event. Acceptance of NF entries by the Jumping Committee from outside Europe will depend on whether sufficient space is available at the event in question. Such competitors will neither be entitled to receive titles or medals.

9. A NF taking part in a Championship outside of its Continent or Region will not have the right to organise the next Championship.

10. Championships must be held at some time during a long school holiday.

3. The limitations and conditions imposed by the General Regulations regarding competitors visiting foreign countries shall apply.
4. The participation of a Young Rider or a Junior in a Championship in one discipline for Young Riders, respectively Juniors, does not exclude the same rider on another horse from participating in a Championship for Seniors in another discipline, if he has reached the appropriate age.
5. Once a competitor has taken part in a Championship for Young Riders in Jumping, he can no longer go back to a Championship for Juniors in Jumping.
6. Once a competitor has taken part in a Championship for Seniors or in Regional and/or Olympic Games in Jumping, he can no longer go back to a Championship for Young Riders or Juniors in Jumping.

7. Certificates of Capability for FEI European Junior and Young Rider Jumping Championships (effective 2008 for 2009 Championship)

Only those competitors and horses competing internationally and likely to be able to complete the Championship may be entered. NFs must send to the FEI a Certificate of Capability to this effect (see GRs).

This Certificate of Capability must include a record of the results obtained in competitions satisfying the requirements as laid down in the present rules.

The procedure for qualification, laid down hereunder, must be strictly followed.

Upon arrival at the Championship, Chefs d'Equipe can exchange competitors and horses at will, whether originally qualified as combinations or not. After the first championship competition, no further changes are permitted.

For the FEI European Junior and Young Rider Championships riders and horses can qualify according to any one of the following paragraphs:

- 7.1. competitors and horses must have completed the first round of a Grand Prix competition at a selected CSI-1* or CSI-2* outdoor event with a score of not more than eight penalties.**

If a NF finds it impossible for its competitors to qualify as above, it should request the FEI to send a Foreign Delegate at the expense of the NF to assess the level of performance, at a special competition consisting of one round with the dimensions as laid down on a course plan provided by the FEI. Riders/horses scoring 8 penalties or less in this round will be considered to be qualified. The FEI Foreign Delegate, appointed by the Jumping Committee, will advise the NF and the FEI on the granting of Certificates of Capability. If by misfortune a rider/horse combination has more than 8 penalties but shows a very good performance otherwise over the course, the Foreign Delegate can let him repeat a similar course. But in no case can a rider qualify if he has scored more than 8 penalties over this course.

Selection will be made from events which take place from the 1st January the year preceding the Event until the closing date for Nominated Entries, or a date to be fixed by the FEI. A list of events will be published in the FEI Bulletin and on the FEI website in the year preceding the Championship and in the year of the Championship.

The competitor with the lowest number of points after this conversion will be given zero penalties, the other competitors being credited with the number of penalties representing the difference in points between each of them and the leading competitor.

If a competitor is eliminated or does not complete his round for any reason, he will be awarded the same number of penalties as that incurred by the competitor who has been the most severely penalised, plus 20 penalties. If the competitor concerned has himself received the highest number of penalties before being eliminated or retiring, 20 penalties will be added to his score. Adding the 20 penalties is done after the time-difference has been converted into penalties.

Article V15 SECOND COMPETITION (TEAM FINAL COMPETITION, SECOND INDIVIDUAL)

After Consultation with the Course Designer, the Ground Jury may decide to move the obstacles sideways following the first round depending on the condition of the footing. The course must be re-measured if there is a change in the length. If the position of any of the obstacles is altered, the riders will be permitted to inspect the course before the second round.

3. Participation

Only the competitors and horses, which have taken part in the first competition, may take part in the second competition.

3.1. Individuals

3.1.1 The 50 riders (such number to be increased if there is equality for the 50th place) having the best score deriving from the addition of the scores obtained in the First Individual Qualifying Competition and Round 1 of Team

Competition (Second Individual Qualification Competition) are allowed to participate in the Third Individual Qualification Competition which is the Round 2 of the Team Competition.

3.1.2 If the riders qualified as above under 3.1.1 are not members of a team which has been qualified to participate in Round 2 of the Team Competition, said riders will compete prior to Round 2 of the Team Competition. There will be at least 30 minutes interval between this round and Round 2 of the Team Competition.

3.2. Teams

3.2.1 Round 2 of the Team Competition takes place after the 3rd qualifying competition for Individuals. It is open only to the ten best placed teams and those teams equal on penalties for tenth place after Round 1 of the Team Competition.

3.2.2 All teams allowed to compete in Round 2 of the Team Competition carry their penalties forward from the First Individual Qualifying Competition and Round 1 of the Team Competition.

Score obtained in Round 2 by members of Teams who are not among the riders eligible to compete in the Third Individual Qualifying Competition as mentioned under 3.1.1 above, count only for the classification of their respective teams.

The starting order in this second competition will be determined by a new draw in accordance with the same procedure as provided for the first competition.

4.1. Individuals

4.1.1 The starting order of the Individuals qualified to compete as mentioned hereinabove under section 3.1.1 is set according to the reverse order of the aggregate penalties incurred in the First and the Second Individual Qualifying Competitions. In case of competitors with equality of penalties, the score of the first competition will decide their starting order.

4.2. Teams

4.2.1 The starting order of the Teams qualified to compete in Round 2 of the Team competition is set according to the reverse order of order total penalties of the best three competitors per team incurred in the First Individual Qualifying competition and of the best three competitors per team in the Round 1 of the team competition. Teams with equality of the penalties retain the starting order of Round 1.

4.2.2 Scores of Individuals who are members of any team eligible to participate in Round 2 as provided herein above will count for the classification of their team in the Team Competition but also as their personal result in the Third Qualifying Competition if they are among the riders mentioned in paragraph 3.1.1 above.

5. *Team Placing*

The ten teams and those with equality of penalties for tenth place receive their placing by adding the penalties incurred by the best three competitors in each team in the first competition and the penalties incurred by the three best competitors in each of the two rounds of the second competition. The team, which has obtained the least number of penalties will be placed first and declared Continental Team Champion.

In the event of equality of penalties between teams for first, second and/or third place, there will be a jump-off against the clock in which all team competitors may take part, over six obstacles, which may be increased in height and/or spread at a speed of 350 m per minute.

The score in this jump-off is obtained by adding the penalties incurred by the three best competitors in each team, but in the event of further equality of penalties, the times of these three competitors in the jump-off added together will decide the winning team as well as those placed second or third. The score of this jump-off is only to determine the placing of the teams and will not count towards the final scores of the individual competitors.

If two jump-offs are required, the jump-off for the third place shall precede the jump-off for the first and the second place.

If after the jump-off there is equality of penalties and time for one of the first three places, the teams concerned will be placed equal.

Teams not qualified for the second round of the Team competition receive their placing by adding the penalties incurred by the three best competitors in each team in the first competition and the penalties incurred by the three best competitors in the first round of the team competition.

6. Rest Day

A rest day must be scheduled between the second and third competitions.

Article V16 THIRD COMPETITION (INDIVIDUAL FINAL)

Competitors must have taken part in the first competition (completed or not) and have completed the second competition (without having been eliminated or having retired) or have taken part in the first competition (completed or not) and have completed the first round of the second competition as well as the round replacing the second round of the team competition for individuals and members of teams not qualified for the second round of the team competition (without having been eliminated or having retired). If for any reason one or more of these 25 best placed competitors are unable to start, they will be replaced by participants from the reserve list of five competitors.

4. Inspection of Course B

Competitors will be invited to inspect the course for Round B at the conclusion of Round A.

5. Starting order

5.1. The starting order for Round A will follow the reverse order of penalties incurred in the first and second competitions. For those individuals and members of teams not qualified for the second round of the team competition the starting order will follow the reverse order of penalties incurred in the first competition and the first round of the second competition as well as the round replacing the second round of the team competition. In the event of equality of penalties, the score of the first competition will decide the starting order. The 25th qualifier will, therefore, start as number one.

For those individuals and members of teams not qualified for the second round of the team competition the starting order will follow the reverse order of total penalties incurred in Round A of the Final competition, the first competition and the first round of the second competition, as well as the round replacing the second round of the team competition. The competitor with the most penalties will start first, the competitor with the least penalties will start last. In the event of competitors with equality of penalties, the score of the first competition will decide their starting order.

6. Individual Placing

The individual placing is determined by adding together for each competitor the penalties incurred in the first competition, as well as the two Rounds of the second competition (disregarding the penalties incurred in the jump-off if there is one) and the two Rounds A and B of the third competition. For those individuals and members of teams not qualified for the second round of the team competition their score in the second round qualifier counts instead of the second round of the team competition.

The competitor with the least penalties will be placed first and declared the Continental Champion.

In the event of equality for one of the first three places after Round B of the third competition, there will be a jump-off against the clock at a speed of **350 m** per minute over 8 obstacles from the courses of Rounds A and B. The competitors will be invited to inspect the jump-off course.

If two jump-offs are required, the jump-off for the third place shall precede the jump-off for the first place and the second place.

If after the jump-off there is equality of penalties and time for one of the first three places, competitors concerned will be placed equal.

Article V17 PRIZES
