Information to NFs 2008 Olympic Games

June 2008

The FEI wishes to inform National Federations & Chefs de mission of the last updates for the 2008 Olympic Games in Beijing / Hong Kong:

TACK ROOM SPACE

Stable arrangements at the Olympic venue in Sha Tin are partly being reviewed with the aim to providing tack room space for all nations inside their respective stable blocks. With the revised arrangement, all reserve horses will be stabled with the team horses of their nation. The principle of stabling by Nation (all disciplines of a Nation stabled together) will still be adhered to. Final arrangements will only be made after the definite entries.
